LESSON:

This is a story from Genesis 1 in the Bible (1) about how God is our Creator.

In verse 6, **God said**, “**Let the waters beneath the sky flow together into one place, so dry ground may appear** (2).” God called the dry ground ‘land’ and the waters ‘seas.’ And **God saw** that **it was good** (3) on the third day. Land is the ground we walk on. He also put the water together in one place. This is called the sea or ocean. He separated the land and the water. Verse 10 says, “And God saw that it was GOOD!”

So on day three, God made land and formed the seas. But, that’s not all he made. **Then God said**, “**Let the land sprout with vegetation**—every sort of seed-bearing plant, **and** trees that grow seed-bearing fruit. These seeds will then **produce** the kinds of **plants and trees** (4) from which they came.” The land produced all different kinds of plants, trees, and flowers. And **God saw** that **it was good** (5).

So, **on day three, God created dry land, trees, plants, and flowers** (6). And God saw that it was Good!

Then **God said**, “**Let lights appear in the sky** (7) to separate the day from the night. Let them mark off the seasons, days, and years. Let these lights in the sky shine down on the earth.” And that is what happened. God made two great lights. **The larger one, we call the sun**, to govern the day. And **the smaller, we call the moon** (8), to govern the night. He also made the stars. God set these lights in the sky to light the earth, to govern the day and night, and to separate the light from the darkness. And **God saw that it was good** (9).

So, **on day four, God created the sun, moon, and stars** (10). And God saw that it was Good!

Key Point: God created everything!
