LESSON:

Every week in our class, **we will talk about a characteristic of God** (1). “**Characteristic**” is a really big word that just **describes what someone or something is** (2). Over the next year, we will learn about 12 different things God is, or 12 different characteristics that tell us who God is and what he does. The really cool thing about **God is** that he is **all these things and more, all AT ONE TIME** (3).

God’s glory is made up of all the things we know about him (4). God’s glory cannot be contained. We will talk about this idea a lot this year. He is so many things to us, and for us, and all at one time. **He is CREATOR** (5), which means he created the earth and all that is in it, including us. **He is PROVIDER** (6), which means that he gives us everything we need. **He is ALL-POWERFUL** (7), which means he is stronger than we can even imagine and has the ability to do anything, even raise his son Jesus from the dead!

We get to see God’s glory every day (8) when we see God working in our lives. God has many characteristics. **God’s characteristics show us God’s glory** (9). God wants us to know him and how wonderful he is. He is our Provider and Creator. He is All-Powerful and uses his power for us. **He loves us** (10)!

Key Point: God is amazing!
