

# EPHESIANS®

## **Ephesians | Week 3**

1. God created us with limits, how is having limits a benefit to us?
2. What does it look like when “Christ has made his home in our hearts”?
3. Using the illustration of the tree and the roots, how would you describe a Christian who looks like a “healthy tree” on the surface but has “weak roots”?
4. How can we continue to work the “unseen things” that help our roots grow in God’s love?
5. What does it look like to experience God’s love even when we don’t understand it?

## **Mosaic**

1. How can we keep getting to know how much God loves us?
2. Why is it important to know that God is more powerful than us?
3. How does being dependent on God help us remember how much He loves us?
