

## Week 4

- Where do you see yourself acting more like Jonah (running in pride) rather than acting like the king (responding with total surrender and humility)? When are you most like that with God?
- The king didn't know what God would do, but he still turned to him. Where do you need to trust God, even when you don't know the outcome?
- Humility is not a feeling, it's taking a step down. What's one step of humility you could take this week?
