

## A CALL TO PRAY AND FAST: OUTREACH PRAYER REQUESTS

### **PRAYERS FOR OUR COMMUNITY:**

Pray for your neighbors—for their material and spiritual needs. Ask God to provide opportunities and give you courage to know them, meet their needs, and share the gospel.

Pray for vulnerable people in our community, especially children in foster care and the elderly. Pray that we will continue to serve and minister to these populations well.

Pray for food pantries around the Upstate as they meet needs for people experiencing food insecurity, especially during the pandemic.

Pray for [the organizations we partner with](#) locally and internationally—for clarity, wisdom, and resources to continue serving their communities well.

Pray for people of color in our community—for empathy, compassion, and understanding of the challenges they face. Ask God to give you courage to take action towards racial reconciliation and clarity to see where it is needed.

### **PRAYERS FOR OUR PARTNERS IN MINISTRY:**

#### **JumpStart**

Pray for Restoration Village and that God will use it to restore and transform many lives.

Pray for men and women in prison, for formerly incarcerated people in the outside program, and for volunteers. Pray for JumpStart staff as they adapt and continue ministering to the incarcerated.

#### **Homes of Hope**

Pray for families in our homes who are vulnerable to the economic situation, for health, and for concerns about potential job/business loss. Pray for resources for new housing efforts as the demand is increasing.

#### **Reconcile Church**

Pray for pastoral care, wisdom for discipleship, and fruit in the lives of believers. Pray for the Lord to continue to work in the lives of their five interns, particularly developing long-term leaders from the community.

#### **Griggs Memorial**

Pray for pastoral issues in the church—strength for two different members who struggle with addiction and have relapsed, wisdom for two women who are Christians and are struggling in relationships with unbelievers, and reconciliation for a couple who has separated.

#### **Mill Community Ministries**

Pray for the transitions at MCM as they adapt their youth programming to Covid-19 guidelines and students return to school. Many families are struggling with even more responsibilities and stress.

**Project HOPE**

Pray for Project HOPE students as they embrace changes and disruptions that are especially challenging for individuals with autism. Pray for patience and endurance for family members and against the stress and fear of regression. Pray for Project HOPE staff and families as they bear the weight of making difficult decisions about therapy. Pray for protection from the virus for students, families, and staff, as many have compromised immune systems.
