

## The Church | Week 4

### Introduction

In week four of our series we're dealing with the truth that the church isn't meant to be a building where Christians gather and hide. The church is God's people who also need to be going outside the walls of the building to cast the light and hope of the Gospel to the community around them.

### Questions

- What are some examples of the "darkness" that is in this world because of sin?
- What keeps us from being willing to give up our time to serve with \_\_\_\_\_? (*Insert the name of the ministry partner that your campus is working with*).
- Serving can sometimes be inconvenient, awkward, or uncomfortable. How do we manage those feelings and still put other people's needs first?
