

One True God

Worship God Only

Talk to the kids about how we can make some of these things (food, TV, money, home, family, pets, toys, sports) idols. Explain that these things aren't necessarily bad, but that we need to remember they are not more important than God and spending time with Him through prayer, worship, and reading the Bible; loving and obeying Him; etc. Have the children put an X over things that we sometimes put before God and remind them to always put God first!
